Employee Spotlight:

Meet Rafa, one of our rough carpenters. We are highlighting Rafa this month because he has recently celebrated two years accident free. In the field one of Rafa's best attributes is how quick and clean he can frame a building. Everyone gets along well with him in the field. He loves joking around with the crew, and he is social with everyone. Outside of work Rafa enjoys riding quads with his kids and granddaughter. One surprising fact about Rafa is that he is a good cook. One time he made carne asada and salsa, the crew couldn't stop eating it.
